Project description:

"Horizon 2020" is the European Union's framework programme for research and innovation. It provides research and innovation funding for multi-national collaboration projects as well as for individual researchers, and supports SMEs with a special funding instrument.

Armenia, Georgia, the Republic of Moldova and Ukraine are associated to Horizon 2020 and participate in the programme under the same rules as the EU Member States. Researchers from Azerbaijan and Belarus are also eligible for funding.

Expected results:

The Horizon 2020 Work Programme 2018-2020 amounts to an investment of around €30 billion, most of which is implemented through competitive calls for proposals across the following areas: Excellent Science; Industrial Leadership; Societal Challenges; Spreading Excellence and Widening Participation; Science with and for Society; European Institute of Innovation and Technology (EIT); Euratom.

In the EaP region, cooperation opportunities under the different calls will be promoted, with specific attention to:

- Horizon 2020 "Widening Participation" priority for the reinforcement of research and innovation capacities in the four countries Associated to Horizon 2020 (Armenia, Georgia, Moldova and Ukraine), including Twinnings, ERA Chairs, Policy Support Facility, National Contact Point (NCP) training, COST actions (Cooperation in Science and Technology), innovation funding instruments (InnovFin, SME instrument, Fast track to Innovation), PPPs and Joint Technology Initiatives.
- Calls worth almost €200 million targeted at all EaP countries, addressing Resources and Energy Efficiency for the Process Industry (SPIRE).
- Dedicated support for Horizon 2020 applications is provided by the EaP Plus platform at regional level and by RI-LINKS2UA at bilateral level with Ukraine.
