Expected results:

- ENI CBC programmes stakeholders will be able to share experiences and best practices with their counterparts in other ENI CBC programmes and with players involved in European Territorial Cooperation and in CBC programmes under the Instrument for pre-accession (IPA), where relevant.
- The Commission and the ENI CBC programme stakeholders will receive assistance to solve implementation problems.
- Studies and/or tools of general nature requested by the Commission or ENI CBC stakeholders will be carried out.
- Active networking among programme stakeholders will be established enabling them to share information, good management practices and to improve procedures.
- Level of awareness of cross-border and regional cooperation opportunities in the beneficiary regions will be increased.
- Visibility of the ENI CBC instrument will be strengthened.
- Coordination of ENI CBC instrument with other sources of funding will be increased.
- Partners' capacity in CBC Partner Countries to identify and prepare good quality projects will be increased.
- Partners' capacity in the CBC Partner Countries to manage local/regional development projects will be increased.
- Number of good quality projects prepared and approved for implementation will be increased.
