Project description:

The project is part of the European Neighbourhood Programme for Agriculture and Rural Development (ENPARD) that promotes local action and engagement in decision-making. It is implemented in Kvemo Kartli region of Georgia, notorious for its diverse population (Georgian, Armenian, Azeri, Greek ethnicities). The project is aimed at improving quality of life of the Municipality and offering new approaches and innovative solutions. Local Action Group (LAG) established with the help of the project takes the lead on production of community-driven Local Development Strategy and Action Plan focused on increased economic potential of the Municipality. The project supports LAG in introducing entrepreneur-focused financing mechanisms, employment models and innovative environmentally friendly technologies.

Expected results:

- Local Action Group is established (based EU LEADER approach) and is functional entity for improving the quality of life in rural areas through continuous and integrated local development initiatives in the targeted area
- Community driven rural development strategy and action plan for Tetrtskaro municipality is elaborated.
- Diversified economic opportunities in Tetrtskaro municipality are created through introduction of entrepreneurs oriented financing mechanisms, employment models and access to innovative environment friendly technologies.
