

Stronger Parliamentary Institutions in Georgia

Duration: 04.12.2023 - 11.04.2025

Countries:
Georgia

EU contribution: € 750 000

Implementer:
United Nations Development Programme

Website(s): undp.org/georgia/projects/stronger-parliamentary-institutions

Project description:

The European Union and UNDP assist the Parliament of Georgia in implementing institutional reforms, promoting transparency in legislation, representing citizen interests effectively, streamlining law-making processes, and strengthening governmental oversight.

The project's current phase has expanded to include support for the Supreme Council of the Ajara Autonomous Republic, aiming to replicate the successful development approach applied to the Parliament of Georgia. Drawing on past collaboration experiences, tailored assistance will be provided to optimize resources for the Supreme Council.

Upholding UNDP's commitment to inclusivity, the project prioritizes women's full participation and active involvement at every stage, ensuring no one is left behind.

Expected results:

- Strengthened law-making and oversight capacities.
- Streamlined political processes and improved representation.
- Greater accountability, CSO cooperation, and citizen engagement.
- Enhanced institutional efficiency.
