

## Empowering civil society to increase gender equality and counter gender-based violence in Georgia

**Period of implementation:** 01.12.2023 - 30.11.2026

**EaP countries:**  
Georgia

**EU contribution:** € 1 000 000

**Total budget:** € 1 052 632

### Implementing organisation(s):

Center for Information and Counseling on Reproductive Health - Tanadgoma, Fundacion Accion Contra El Hambre (ACH), National Network of Women with

**Project website:** [tanadgoma.ge/](http://tanadgoma.ge/)

### Project description:

The overall objective of the project is to strengthen capacities of local CSOs and civil society to promote an enabling civic space for gender equality and counter DV/VAW among women, especially the most vulnerable women groups in Georgia. These groups include: Women With Disabilities, Azeri women, LBT women and women refugees from Ukraine. The project is implemented in Tbilisi and five regions: Kakheti, Kvemo Kartli, Imereti, Samegrelo and Adjara. Main expected results of the project are: a) Local CSOs have increased capacities to advance gender equality and promote political participation, economic empowerment, employment and entrepreneurship of women, especially the most vulnerable women groups, including women refugees from Ukraine; b) Gender equality is integrated in the earlier stages of the educational system and in the educational courses of VET curricula; c) Survivors of domestic and gender-based violence from the most vulnerable groups have access to psychosocial support.

### Expected results:

Expected outcomes of the project are:

- Local CSOs have increased capacities to advance gender equality and promote political participation, economic empowerment, employment and entrepreneurship of women, especially the most vulnerable women groups, including women refugees from Ukraine;
- Gender equality is integrated in the earlier stages of the educational system and in the educational courses of VET curricula;
- Survivors of domestic and gender-based violence from the most vulnerable groups have access to psychosocial support.

**Funded by the  
European Union**
