

Support to rural development in Georgia

Period of implementation: 01.07.2016 - 31.12.2018

EaP countries:
Georgia

EU contribution: € 2 500 000

Implementing organisation(s):
United Nations Development Programme (UNDP)

Project website: www.ge.undp.org

Project description:

The project aims to establish and implement Rural Development Strategies for Georgia and its Ajara region respectively, with associated capacity building for institutions administering rural development in Georgia. These activities are expected to increase institutional capacity for the development and implementation of a National Policy on Rural development in Georgia; also to improve conditions in rural areas through the diversification of the rural economy in Ajara.

Expected results:

The project is expected to deliver the following outputs:

1. An integrated Rural Development Strategy and Action Plan for Georgia developed and adopted;
2. Capacity built among the public sector and stakeholders to deliver rural development policy;
3. An integrated Rural Development Action Plan for Ajara developed and adopted;
4. Enhanced capacity within the public sector and stakeholders in Ajara AR to effectively deliver rural development policy.
