

Support to Implementation of the legislation compatible with EU directives on Organ, Tissue and Cell Transplantation

Duration: 16.08.2019 - 19.12.2020

Countries:
Georgia

EU contribution: € 399 900

Implementer:
Proman SA

Social media:
n/a,

Website(s): n/a

Project description:

The project is part of capacity-building efforts of the EU, which supports development of institutions and harmonising legislation of Georgia with EU directives. The project works with the Ministry of Internally Displaced Persons from Occupied Territories, Labour, Health and Social Affairs to support with advancement and finalisation of the national legislation (including secondary legislation) compatible with EU Directives on organ, tissue and cell transplantation. The project supports with promoting and implementation of such legislation.

At the same time, the project helps with establishment of the Inspectorate within the regulatory agency in the field of organ transplantation and promoting its functioning.

Expected results:

- National legislation (including secondary legislation) compatible with EU Directives in the field of organ, tissue and cell transplantation;
- The inspectorate set up in the regulatory agency, staff is selected and trained, the inspectorate has all necessary tools (internal instructions, standard operating procedures, guidelines) to ensure efficient functioning in the field of organ, tissue and cell transplantation;
- Workshop(s)/Meetings prepared by the experts and held with relevant stakeholders.
