Implementing organisation(s):
EIB

**Funded by the
European Union**

Social media:

Website(s): eib.org/en/projects/pipelines/all/20140532

Project description:

The Ukraine Recovery Programme is a framework loan to finance priority investments in the recovery of areas affected by the conflict in eastern Ukraine and basic infrastructure needs of internally displaced population. The project builds on the Ukraine Early Recovery Programme and will provide financing to some 200-400 individual small-medium sub-projects in several sectors: schools, hospitals, public buildings, street lighting, water, sewage, municipal transport and others.

Expected results:

The reports, the capacity building, the risk prevention, and all other outputs and outcomes of the TA will allow obtaining a proper implementation of the URP framework loan while enforcing and maintaining good quality of works, compliance with the Bank Environmental and Social Standards, procurement guidelines and corruption prevention.

The TA is expected to contribute into advancing the capacity development and setting up management and monitoring structures and procedures, as follows:

- Provide capacity development to the PMSU of MCTD, and to MOF, and other agencies relevant for the purposes of speeding up the allocations and disbursement of the URP framework loan.
- Assist MOF/ State Treasury in managing with a systematic approach the contractual obligations and payments related to the URP.
- Assist in the development of organizational structures in relevant agencies in line with European administrative best practices.
- Support the previous work in setting up transparent and effective management structures, procedures. Update or create specific Project Implementation Guidelines (PIG) and Financial Management (FM) for URP to give up to date management and reporting tools related to the URP framework loan.
- Support the set up integrated environmental and social management system (ESMS), such as human resources
