Project description:

The project EU Unity4Community aims to strengthen the role of CSOs as key players in implementing development projects at the local level, develop a new culture of partnership and dialogue between the government and the civil sector, enhance the impact of CSOs on local and national policies, and support the role of CSOs on the Ukraine way to EU accession. Additionally, it focuses on creating opportunities and entry points for CSOs to influence the development and implementation of public policies. CSOs and community actors empowered on their path to reforms, EU-accession and recovery.

Expected results:

1. Enhanced capacities of local actors in local development and recovery through a comprehensive training program for Local Recovery and Development Consultants.

Representatives of community-based organisations, initiative groups and local authorities improved their skills and competences to contribute to the local socio-economic development

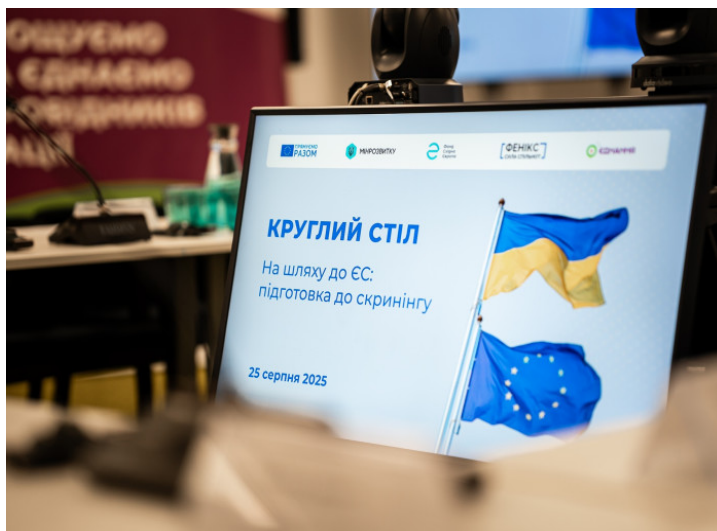

- developed comprehensive 3-module training program;
- conducted 12 Basic trainings, 6 Advanced trainings and 2 ToTs for 25-30 participants each;
- 300 people underwent Basic training, 150 people underwent Advanced training and 50 people participated in ToT;
- 150 representatives of local CSOs are trained to become Recovery and Development Consultant;
- at least 25 representatives of CSOs are able to deliver Basic and Advanced trainings.

Grass-root organisations are empowered to exercise local democracy at the local level

- 15 UNITY Points are established in communities

2. Strengthened CSOs role in driving reforms and recovery and EU accession through grant support in total amount of €3.75 million.

CSOs working in the field of reforms, EU-accession and recovery are capacitated and empowered
