Project description:

The project intends to ensure public oversight over the upcoming elections in Yerevan City through long-term and short-term observation of the campaign, the voting processes and post electoral developments. The project plans to conduct the observation on behalf of the “Akanates” initiative, whose general aim is to promote the conduct of free, fair and transparent elections and achieving improved quality of elections in Armenia.

Expected results:

1. Raised awareness among the citizens to make an informed choice
2. Improved transparency and credibility of the election processes in Yerevan, as well as its compliance to national and international standards to be assessed based on the observation findings
