

Monitoring COVID-19 related public spendings and human rights protection during the state of emergency and after

Period of implementation: 21.07.2020 - 30.01.2023

EaP countries:
Georgia

EU contribution: € 59 960

Implementing organisation(s):

Institute for Development of Freedom of Information (IDFI)

Project website: www.idfi.ge

Project description:

This project aims to increase the effectiveness and proportionality of actions to fight against the pandemic in Georgia. It will contribute to increasing government accountability regarding COVID-19 related public spending, implementation of the Government Anti-Crisis Plan, spending of StopCov Fund and allocation of donor support. In addition, the risks of disproportionate restriction of human rights during the COVID-19 crisis will be studied and mitigated.

The project is part of wider EU support to Georgia to battle the COVID-19 pandemic and recover in its aftermath.

Expected results:

- Cases of alleged mismanagement of Covid-19 related public funds, donor assistance, StopCov Fund and ineffective implementation of Anti-Crisis Plan are revealed and remedied;
- The risks of disproportionate restriction of human rights during the COVID-19 crisis are mitigated;
- Public Awareness about revealed challenges and shortcomings related to Covid-19 related public spending and human rights protection is increased.

**Funded by the
European Union**
