

“Children of the Church” - Upholding the rights of children, residents of religious and local government care institutions, to a family and society

Period of implementation: 20.12.2017 - 19.12.2020

EaP countries:
Georgia

EU contribution: € 300 000

Implementing organisation(s):
GEORGIAN FOSTER CARE ORGANIZATION

Project website: N/A

Project description:

The project aims to support the development of family-based care services for vulnerable children managed by the Georgian Orthodox Church (GOC).

Expected results:

- 1) Established GOC Foster Care (FC) Service together with the Government of Georgia that will provide family-based caring services to children.
- 2) Creation of special groups to support foster careers to maintain quality based on exchange of knowledge and experience.
- 3) Developed model for youth living in GOC care for their transition into independent living.
- 4) Initiative to transfer the disabled children and kids under foster care from GOC into family-based care conditions by 2020
