

Civic Engagement in the 2024 Parliamentary Election Monitoring

Period of implementation: 30.07.2024 - 30.12.2024

EaP countries:
Georgia

EU contribution: € 60 000

Total budget: € 240 000

Implementing organisation(s):
Transparency International Georgia

Project website: transparency.ge/en

Project description:

The project supports TI Georgia's involvement in monitoring the 2024 parliamentary elections as part of an observer mission. Its primary goals are to mobilize voluntary observers to oversee the electoral process; hold election commissions at all levels and relevant public institutions accountable by identifying and reporting electoral irregularities; raise public awareness about voting procedures; and safeguard each vote by challenging unlawful or unfair decisions through appeals to higher commissions and courts.

Expected results:

The action is expected to significantly contribute to the integrity of the 2024 parliamentary elections in Georgia. By fostering civic engagement, defending political rights, and ensuring transparent election results, the project will support the broader goal of democratic governance in the country. The involvement of active youth, CSOs, NGOs will create a more inclusive and participatory electoral process, ultimately benefiting all citizens of Georgia.

**Funded by the
European Union**
