Project description

The emphasis in the Phase II of the SME Finance Facility is to stimulate local currency lending, especially for micro, small and medium-sized enterprises (MSMEs) in Ukraine that are not earning foreign currency and cannot afford the high costs of borrowing.

Expected results:

- EBRD, EIB and KfW loans or guarantees to participating financial intermediaries (PFIs), for on-lending to eligible enterprises, including MSMEs.
- Credit enhancement support for SME lending through risk sharing instruments.
- Expected to leverage approximately €75 million of new loans to local enterprises.
