OPPORTUNITY FOR AGRICULTURAL INVESTMENT UNDER ENPARD III – MATCHING GRANTS

European Union (EU) and Food and Agriculture Organization of the United Nations (FAO), under the ENPARD Programme, announce Grants Programme for supporting agricultural investments. The objectives of the initiative are to improve access to finance, services, equipment and inputs for farmers, rural households, cooperatives and other small and medium enterprises in rural areas.

These improvements are expected to contribute to increased competitiveness of the agricultural sector and better livelihoods for people living in the rural areas.

## WHO?

The programme is designed to support individual farmers, Georgian SMEs, and cooperatives.

## WHAT?

The programme supports the following pre-selected investments:

- no-till planters for cereal production. 60% grant, 40% to be paid by the beneficiary
- drip irrigation systems up to 3 hectares. 60% grant, 40% to be paid by the beneficiary
- small tractor packages with implements. 40% grant, 60% to be paid by the beneficiary, several packages from different suppliers will be offered, maximum 1 package per grantee
- anti-hail nets for apple growers in Gori, up to 2 hectares. 40% grant, 60% to be paid by the beneficiary

## FROM?

The programme offers pre-selected equipment from a list of pre-selected suppliers:

No-till planters from LTD "Agromotors"

Drip irrigation system from LTD "Antgeo"

Small tractor packages from "Agrotechno", "Agro Motors", "ASP Group", "D&S Group", "GMC Motors", "GT Group", "Hermes", "Mar-Mot", "Noblex", "Villanus Baltic"

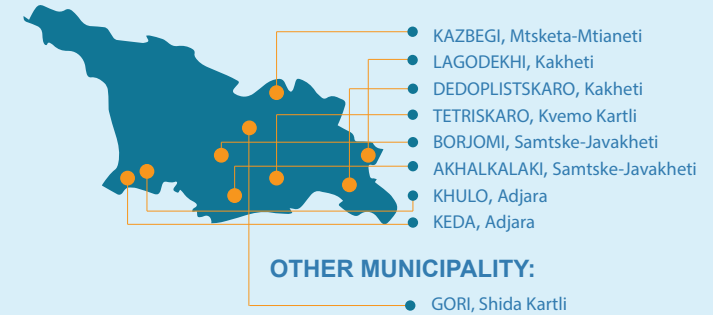

Anti-hail nets from LTD "Antgeo"

More information on our website: [www.faogrants.ge](http://www.faogrants.ge)

## WHERE?

You can apply if your farm, business, or project is located in one of the below listed municipalities.

### ENPARD MUNICIPALITIES:

## WHICH VALUE CHAINS?

You can apply for a drip irrigation system or a tractor package if you are from the ENPARD municipality.

You can apply for a no-till seeder if you are from the ENPARD municipality or Gori and are active in cereal production.

You can apply for anti-hail nets if you are from Gori and are an apple grower.
