

Rural Development Strategy Action Plan for 2018-2020

#	Priority Measure	Activity	Performance Indicator	Responsible Agency	Partnering Organization	Indicative Budget (000* GEL)			Funding Source	Comment
						2018	2019	2020		
Priority Measure 1. Economy and Competitiveness										
1.1	Objective 1: Economic recovery, restructuring and the modernization of farming activities through the development of diversification and efficient supply chain	1.1.1 Preferential Agro Credit	<ul style="list-style-type: none"> * In 2018, expansion/modernization of 70 new or existing holdings will be funded and the co-financing of issued loans will be continued * In 2019, co-financing of the issued loans will be continued * In 2020, co-financing of the issued loans will be continued 	Ministry of Environmental Protection and Agriculture of Georgia/ NC(NP) LE-Agricultural Projects Management Agency		45,000.0	44,000.0	42,000.0	State Budget	
1.1.2 Youth entrepreneurship support Programme		<ul style="list-style-type: none"> * In 2018 100 young entrepreneurs financed * In 2019 150 young entrepreneurs financed 	Ministry of Environmental Protection and Agriculture of Georgia/ NC(NP) LE-Agricultural Projects Management Agency		3,000.0	6,500.0	0.0	Donor		
1.1.3 Plant the Future		<ul style="list-style-type: none"> * In 2018, 1,200 ha of new orchards will be established/contracted. * In 2019, 960 ha of new orchards will be established/contracted. * In 2020, 960 ha of new orchards will be established/contracted. 	Ministry of Environmental Protection and Agriculture of Georgia/ NC(NP) LE-Agricultural Projects Management Agency		8,000.0	7,000.0	7,000.0	State Budget		
1.1.4 Co-financing of storage and processing enterprises		<ul style="list-style-type: none"> * In 2018: 8 processing holdings and 8 storage holdings will be completed (total capacity of 6,000-7,000 tons). * HACCP/ISO 22000 standards will be introduced in not less than 12 holdings. * Over 1,600 people will be employed by the holdings (including seasonal). 	Ministry of Environmental Protection and Agriculture of Georgia/ NC(NP) LE-Agricultural Projects Management Agency		5,000.0	0.0	0.0	State Budget		
1.1.5 Support for beekeeping agricultural cooperatives		<ul style="list-style-type: none"> * In 2018, up to 15 cooperatives will be given transport trailers to transport hives; * In 2019, 7 cooperatives will be given transport trailers to transport hives; 25 cooperatives will be given 750 beehives, 5 honey extractors, 5 hive tools. * In 2020, 25 cooperatives will be given 750 beehives, 5 honey extractors, 5 hive tools. 	Ministry of Environmental Protection and Agriculture of Georgia/LEPL Agricultural Cooperatives Development Agency		200.0	200.0	100.0	State Budget		
1.1.6 Introduce International standards for cooperatives and the popularization of the products		<ul style="list-style-type: none"> * In 2018, 2 local selling exhibitions will be organized * In 2019, 3 local selling exhibitions will be organized * In 2020, 3 local selling exhibitions will be organized 	Ministry of Environmental Protection and Agriculture of Georgia/LEPL Agricultural Cooperatives Development Agency		210.0	1,050.0	1,150.0	State Budget		
1.1.7 Development of agricultural cooperative infrastructure		<ul style="list-style-type: none"> * In 2018 processing machinery and equipment will be provided to 15 cooperatives; a honey processing plant will be built and transferred to ownership to cooperative established by at least 35 cooperatives; * In 2019 processing machinery and equipment will be provided to 30 cooperatives. * In 2020 processing machinery and equipment will be provided to 25 cooperatives; * In total, a modern-style production methodology and a unified industrial cycle will be introduced to 105 cooperatives 	Ministry of Environmental Protection and Agriculture of Georgia/LEPL Agricultural Cooperatives Development Agency		5,000.0	5,500.0	4,500.0	State Budget		
1.1.8 Capacity building and training of cooperative partners		<ul style="list-style-type: none"> * In 2018, trainings in sector subjects and management will be organized for 350 cooperative partners. * In 2019, trainings in sector subjects and management will be organized for 650 cooperative partners. * In 2020, trainings in sector subjects and management will be organized for 1,000 cooperative partners. 	Ministry of Environmental Protection and Agriculture of Georgia/LEPL Agricultural Cooperatives Development Agency		200.0	500.0	700.0	State Budget		
1.1.9 Rational use of pastures and hay meadows owned by the state in Georgia's high mountainous regions		<ul style="list-style-type: none"> * In 2018, a milk processing enterprise will be constructed and equipped for a cooperative in the Ukanapshavi administrative unit 	Ministry of Environmental Protection and Agriculture of Georgia/LEPL Agricultural Cooperatives Development Agency		1,000.0	0.0	0.0	State Budget		
1.1.10 Modernization, access to the market and the sustainability of agriculture		<ul style="list-style-type: none"> * In 2018, the irrigation water supply will be improved for 1,350 hectares; Soil restoration activities will take place for 2 facilities; Up to 40 grants will be awarded to private persons and up to 8 grants will be awarded to agribusinesses; 3 demonstration parcels will be organized; 300 farmers will be trained. * In 2019, the irrigation water supply will be improved for 1,350 hectares; Soil restoration activities will take place for 1 facility; up to 40 grants will be awarded to private persons and up to 8 grants will be awarded to agribusinesses. 	Ministry of Environmental Protection and Agriculture of Georgia IFAD		18,675.0	2,825.0	0.0	State Budget; Donor Organizations	This activity does not include "Agriculture modernization and market access and sustainable" project's grant component (GEF, IFAD), implemented by NC(NP)LE Agricultural Projects Management Agency, which in 2018 will be financed by 5 million GEL (included in 18,675,000 GEL) and in 2019 and 2020 years budget is 0 at this moment.	
1.1.11 Rehabilitation and construction of amelioration systems		<ul style="list-style-type: none"> * In 2018, the area to be transferred into a regular irrigation area will increase by 8,500 hectares. The water supply to existing regular irrigation areas will be improved for 7,100 ha. Land will be drained on 500 ha. * In 2019, the area to be transferred to a regular irrigation area will increase by 2,000 thousand hectares. The water supply to existing regular irrigation areas will be improved for 17,300 ha. 2,500 ha of land will be drained. * In 2020, the area to be transferred to a regular irrigation area will increase by 7,000 thousand hectares. Water supply to existing regular irrigation areas will be improve for 5,000 ha. 2,000 ha of land will be drained. Removal of excess water from land areas will take place for 6,300 ha. 	Ministry of Environmental Protection and Agriculture of Georgia/Georgian Amelioration Ltd.		0.0	41,950.0	42,930.0	State Budget; Donor Organizations	Funds for 2018 year activities are included in 2017 year budget	

		1.1.12 Improvement of irrigation and drainage systems	* In 2018, the rehabilitation of three main channels will be completed, as a result, the water supply will improve for 20,000 ha; * In 2019, a detailed design of internal networks of the three main channels will be completed.	Ministry of Environmental Protection and Agriculture of Georgia	World Bank	20,566.0	5,060.0	0.0	World Bank	
		1.1.13 Support to Georgian tea production	* In 2018, equipping of 7 cooperatives with production facilities will take place	Ministry of Environmental Protection and Agriculture of Georgia/ NC(NP)LE-Agricultural Projects Management Agency		900.0	0.0	0.0	State Budget	
1.2	Objective 2. Diversification of the rural economy through strengthening the agricultural-related value chain and promoting various sustainable non-agricultural activities.	1.2.1 Entrepreneurship development	* In 2018-2020 As part of the access to finances component of the state program "Produce in Georgia" approximately 8 new and/or existing enterprise projects will be supported in the regions annually via co-financing of credits and leasing interest of the beneficiaries	Ministry of Economy and Sustainable Development of Georgia/LEPL Enterprise Georgia		1,800.0	1,800.0	1,800.0	State Budget	Because the budget of LEPL Enterprise Georgia is not divided into regions and cities, indicative budgets, number of beneficiaries have been calculated in accordance with 2016 statistic data based on shares of the projects carried out in cities. For the purposes of estimation of the mentioned indicative budgets, all settlements except 5 self-governing cities are considered as villages. Furthermore, it may be necessary to adjust programs related to village development, because, from 2018 state budget additional resources may be allocated for micro and small entrepreneurship development.
1.3	Objective 3. Development of tourism and respective tourism products in rural areas based on rural characteristics and unique cultural identity.	1.3.1 Tourism development	* In 2018-2020 approximately 5 new and/or existing hotel expansion projects will be supported annually in the regions under the hotels development component of the state program "Produced in Georgia"	Ministry of Economy and Sustainable Development of Georgia/LEPL Enterprise Georgia		1,200.0	1,200.0	1,200.0	State Budget	Because the budget of LEPL Enterprise Georgia is not divided into regions and cities, indicative budgets, number of beneficiaries have been calculated in accordance with 2016 statistic data based on shares of the projects carried out in cities. For the purposes of estimation of the mentioned indicative budgets, all settlements except 5 self-governing cities are considered as villages. Furthermore, it may be necessary to adjust programs related to village development, because, from 2018 state budget additional resources may be allocated for micro and small entrepreneurship development.
		1.3.2 Development and support of tourism	* In 2018-2020 3 additional tourism products , 2 additional infrastructure projects (each year); In 2018-2020, 300 persons will be trained annually.	Ministry of Economy and Sustainable Development of Georgia/LEPL Georgian National Tourism Administration		600.0	600.0	600.0	State Budget	The error margin may be 15%. As for distribution into cities and villages, this is impossible as no project is defined for specific locations. E.g. mountainous/pedestrian paths include mountains in a number of villages, which may include areas adjacent to cities. Furthermore, the project - Wine route objects are located within the entire country including cellars within the cities. It is not possible to identify how many of such holdings will belong to the cities in the future. Generally, such objects are found in the countryside.
		1.3.3 Supporting culture in the regions	* Annually up to 15 projects will be implemented in the regions and cultural events will be carried out in 30 municipalities	Ministry of Culture and Sport of Georgia		1,517.0	1,517.0	1,517.0	State Budget	
		1.3.4 Cultural heritage protection	* Annual indicator of cultural heritage monuments with ongoing and completed rehabilitation up to 40.	Ministry of Culture and Sport of Georgia/National Agency for Cultural Heritage Preservation Georgia		3,101.0	3,101.0	3,101.0	State Budget	
		1.3.5 Cultural heritage protection and streamlining of museum system	* Annually funding of 13 LEPLs subordinated to the ministry in the regions (museums, museum-reserves, memorial houses) will take place.	Ministry of Culture and Sport of Georgia		983.0	983.0	983.0	State Budget	
Total Budget of Priority 1						116,952.0	123,786.0	107,581.0	Total 2018-2020	348,319.0
Priority Measure 2. Social Situation and Standard of Living										
2.1	Objective 1. Raising awareness on innovation and entrepreneurship. In addition, the promotion of cooperation through contributing to skills development and employment issues (especially for young people and women).	2.1.1. The formation and development of national innovators ecosystem (IBRD)	* In 2018, the following will be issued: a) 1,200 internet connection vouchers for households; b) 250 internet connection vouchers for entrepreneurs * In 2019, the following will be issued: a) 1,200 internet connection vouchers for households; b) 250 internet connection vouchers for entrepreneurs * In 2020, the following will be issued: a) 1,200 internet connection vouchers for households; b) 250 internet connection vouchers for entrepreneurs	Ministry of Economy and Sustainable Development of Georgia/LEPL Georgia's Innovation and Technology Agency		230.0	230.0	230.0	State Budget IBRD	With regard to expected results evaluation indicators, error margin will be defined by 5% (lack of appropriate infrastructure, low activity of the target group)
			* In 2018, 1,600 beneficiaries will be trained in digital literacy and programming languages; 300 entrepreneurs in e-literacy; * In 2019, 1,600 beneficiaries will be trained in digital literacy and programming languages; 300 entrepreneurs in e-literacy; * In 2020, 1,600 beneficiaries will be trained in digital literacy and programming languages; 300 entrepreneurs in e-literacy;	Ministry of Economy and Sustainable Development of Georgia/LEPL Georgia's Innovation and Technology Agency		320.0	320.0	320.0	State Budget IBRD	With regard to expected results evaluation indicators, error margin will be defined by 5% (technical risks, low activity of the target group) Definition: Computer literacy - Internet, computer, office software; E-literacy - e-commerce, e-business, e-governance
			* 2018 - 2 innovation centers and 1 innovation hub will be established and equipped * 2019 - 2 innovation centers and 1 innovation hub will be established and equipped * 2020 - 1 innovation centers and 1 innovation hub will be established and equipped	Ministry of Economy and Sustainable Development of Georgia/LEPL Georgia's Innovation and Technology Agency		1,500.0	1,500.0	1,200.0	State Budget IBRD	With regard to expected results evaluation indicators, error margin will be defined by 10% (lack of appropriate infrastructure, lack of buildings)
		2.1.2 Professional development of vocational education teachers	* In 2018 pilot trainings "Entrepreneurial Skills Development" will take place: minimum 50 teachers and 5 directors of public vocational institutions will participate in pilot project. * In 2019 as part of the "Entrepreneurial Skills Development" training, a minimum of 10% of teachers and 30% of directors of public vocational institutions will be trained; * In 2020 as part of the "Entrepreneurial Skills Development" trainings, 30% of teachers and 50% of directors of public vocational institutions will be trained;	Ministry of Education and Science of Georgia		5.0	9.0	11.0	State Budget	

	2.1.3 Coordination of national and regional programs and projects in the field of vocational education management	<p>* In 2018 the number of the students (living in the village) enrolled in state educational institutions carrying out vocational programs will increase by minimum 2% compared to 2016 data</p> <p>* In 2019 the number of the students (living in the village) enrolled in state educational institutions carrying out vocational programs will increase by minimum 2% compared to 2018 data</p> <p>* In 2020 the number of the students (living in the village) enrolled in state educational institutions carrying out vocational programs will increase by minimum 2% compared to 2019 data.</p>	Ministry of Education and Science of Georgia		4,278.6	4,364.0	4,451.4	State Budget	Comment: benchmark indicator for 2018 will be 2016 - 8030 vocational students, as full 2017 figure will be available at the end of November of the current year	
	2.1.4 Professional training of national minorities	<p>* In 2018, 3,300 national minority representatives will participate in the state language teaching program; as part of the Public Governance and Administration Program, 300 potential students will be trained.</p> <p>* In 2019, 3,400 national minority representatives will participate in the state language teaching program; as part of the Public Governance and Administration Program 350 potential students will be trained.</p> <p>* In 2020, 3,500 national minority representatives will participate in the state language teaching program; as part of the Public Governance and Administration Program, 400 potential students will be trained.</p>	Ministry of Education and Science of Georgia		2,300.0	3,100.0	3,150.0	State Budget		
	2.1.5 professional retraining and raising qualifications of job-seekers	* Annually, a minimum 200-350 beneficiaries will be trained in the regions.	Ministry of Labor, Health and Social Affairs of Georgia/LEPL Social Service Agency		2,090.0	2,090.0	2,090.0	State Budget		
	2.1.6 Development of youth policy	<p>* In 2018 10 000 young people will be involved in various youth activities</p> <p>* In 2019 12,000 young people will be involved in various youth activities</p> <p>* In 2020 14,000 young people will be involved in various youth activities</p>	Ministry of Education and Science of Georgia		500.0	600.0	700.0	State Budget		
	2.1.7 Anaklia Future Camp and Shaori Camp	<p>* In 2018 2,500 beneficiaries from the regions of Georgia will participate in educational and recreational camps</p> <p>* In 2019 3,000 beneficiaries from the regions of Georgia will participate in educational and recreational camps</p> <p>* In 2020 3,000 beneficiaries from the regions of Georgia will participate in educational and recreational camps</p>	Ministry of Education and Science of Georgia		1,000.0	1,200.0	1,400.0	State Budget		
	2.1.8 Art development activities	* Annually, 11 arts LEPLs under the Ministry of Culture and Sport will be financed with the amount required for organizing 11 different events.	Ministry of Culture and Sport of Georgia		110.0	110.0	110.0	State Budget		
		* Annual funding of 11 arts LEPLs under the Ministry of Culture: staff (including actors and technical personnel) salaries and costs of staging 4 premieres in each theater	Ministry of Culture and Sport of Georgia		4,138.0	4,138.0	4,138.0	State Budget

		3.1.7 Carrying out annual geological monitoring	* Annually, geological monitoring areas of residential settlements will increase by 5%	Ministry of Environmental Protection and Agriculture of Georgia/LEPL National Environmental Agency		8.4	88.0	15.5	State Budget	
		3.1.8 Carrying out geological survey	* In 2018 Jvari-Kazbegi geological plate survey will be finalized * In 2019 Rustavi geological plate survey will start * In 2020 a) Rustavi geological plate survey will be finalized b) Akhmeta-Lagodekhi geological plate survey will start	Ministry of Environmental Protection and Agriculture of Georgia/LEPL National Environmental Agency		0.9	81.5	4.0	State Budget	
		3.1.9 Carrying out monitoring of underground waters	* Annually, Number of underground water monitoring/observation water objects will increase by 5	Ministry of Environmental Protection and Agriculture of Georgia/LEPL National Environmental Agency		85.0	120.0	122.5	State Budget	
		3.1.10 Environmental pollution monitoring	* In 2018, Number of surface water monitoring objects (rivers and lakes) will increase from 158 to 166; Number of residential areas with soil contamination analysis will increase from 45 to 50. * In 2019 Number of surface water monitoring objects (rivers and lakes) will increase from 166 to 171; Number of residential areas with soil contamination analysis will increase from 50 to 53. * In 2020 Number of surface water monitoring objects (rivers and lakes) will increase from 171 to 176; Number of residential areas with soil contamination analysis will increase from 53 to 55	Ministry of Environmental Protection and Agriculture of Georgia/LEPL National Environmental Agency		581.0	50.0	65.0	State Budget	
3.2	Objective 2. Waste management. Promote sustainable systems of waste management in rural areas	3.2.1 Solid waste management	* In 2018, 1 new regional landfill construction will start * In 2019, 1 new regional landfill construction will start; closure of 6 landfills will be planned * In 2020, 1 new regional landfill construction will start; closure of 3 landfills will be planned	Ministry of Regional Development and Infrastructure of Georgia/Ltd. Solid Waste Management Company of Georgia		20,000.0	24,000.0	22,000.0	State Budget	Provided performance indicators for 2019-2020 may change considering performance for 2018.
3.3	Objective 3. Climate change. Activities used to mitigate the negative impact of climate change	3.3.1 Carrying out hydro meteorological observation and expanding the observation network.	* In 2018, Compared to 2017, 5 additional meteorological and 4 hydrological observation stations will be purchased and installed. * In 2019, Compared to 2018, 10 additional meteorological and 10 hydrological observation stations will be purchased and installed. Vertical sounding of restored atmosphere - 1 aerologic observation complex will be purchased and installed. * In 2020: Compared to 2019, 10 additional meteorological and 10 hydrological observation stations will start operation; 1 additional aerologic observation complex will be purchased and installed.	Ministry of Environmental Protection and Agriculture of Georgia/LEPL National Environmental Agency		342.0	1,309.0	1,309.0	State Budget	
		3.3.2 Agricultural insurance measures	* In 2018, approximately 20,000 agricultural hectares will be insured. * In 2019, approximately 29,000 agricultural hectares will be insured. * In 2020, approximately 32,000 agricultural hectares will be insured.	Ministry of Environmental Protection and Agriculture of Georgia/ Agricultural Projects Management Agency.		9,000.0	13,000.0	14,500.0	State Budget
